

Press Release

Lux-Right™ Areawalls offered in **WHITE on G-90 galvanized.**

Minneapolis, MN – June 1st, 2006 -- St Paul Corrugating Company announces the introduction of pre-paint on G-90 galvanized egress areawalls. In addition to our industry leading standard galvanized areawalls, pre-paint white offers an upscale look to the most cost effective egress system available.

St Paul Corrugating Company, established in 1885, and makers of "The Original Areawall" will continue to develop and offer new products to enhance below ground living space. Please contact your sales representative or call our factory at 800-439-9271 for more information.
